**BARRICADE**  
*company*

Boston Barricade is a leading provider of modular barricades, large format graphics, and installation services to the North American mall industry. Since starting as a modular construction barricade company in 1990, Boston Barricade has expanded its offerings to include holiday décor installations and large format graphic installations. With eight regional service centers strategically located throughout the US, Boston Barricade is capable of completing the most challenging of seasonal décor or large format graphic installations in a fast and professional manner.
